

HISTORY

The Fellowship Forum was founded in December, 1950 by Paul E. Stinchfield and J. Graeff Kennedy, two friends who invited others to join them in creating a group whose purposes were simply to enjoy each other's company at a weekly luncheon and to benefit from discussion of matters of general interest.

As the size of the group increased, it was felt that a more formal organization was needed, that basic policies should be formulated and the membership limited in number. This ultimately led to the adoption in 1957 of a set of Rules and Regulations, under which the Forum now functions. Officers are elected by the membership at large and serve a one-year term.

* * *

At the weekly luncheon meetings subjects of a broad range of interest are presented by members or guest speakers, as the record indicates. Although partisan politics and denominational religion are prohibited subjects, members or guest speakers addressing the Forum are otherwise unrestricted in the expression of their views, it being understood that such expression is always "off the record." With the speaker's consent, a short period at the end of each program is customarily devoted to questions or comments from Forum members.

Guests of members are always welcome, except at meetings restricted to the discussion of Forum affairs.
